

Campus Security Authority (CSA) Training

Campus Security Authority training is required for certain positions at Saint Joseph's College. This training is provided in partnership with our training provider Vector Solutions (aka Safe-Colleges). Designated CSAs will receive annually an email from Vector Solutions to complete the mandatory training assessment (15-minute video and brief quiz). This is a federal mandatory annual training.

The Clery Act requires Saint Joseph's College to collect crime reports from a variety of individuals and organizations that the Clery Act considers to be Campus Security Authorities (CSAs). CSAs include security officers; deans; coaches; residence hall staff; overseers and advisors to student clubs and organizations; and other campus officials who have "significant responsibility for student and campus activities," such as, but not limited to, student housing, student discipline, and campus judicial proceedings.

If you have any questions regarding CSA training and reporting, please contact Bob Chaddock, Director of Campus Safety at bchaddock@sjcme.edu.
